The specific uses for the product include bunions, and the age range is adult. The unit count is 2.0. The page also includes an "About this item" section with detailed information about the product's benefits and features.

- GENTLY REALIGN PROBLEM TOES: Promoting proper toe alignment, the ViveSole double toe splint gently separates and straightens two problem toes to reduce pain, friction and irritation for optimal relief. The adjustable splint also alleviates pressure at the tips and tops of hammertoes, lifting and straightening crooked and overlapping toes.
- ADJUSTABLE SOFT TOE LOOPS: Easily adjusting to fit toe sizes from 1" to 3.5" in circumference, the double toe splint features two soft loops that can be used on any two adjacent toes for optimal support.
- WEAR WITH ANY SHOE STYLE: Featuring a slim, vet supportive design, the toe straightener splint can

Use for: Hammertoes, claw toes, mallet toes, crossover toe; other toe deformities

How to apply: Place toes into the designated loops. The larger part of the pad should be along the plantar foot pad (closer to the heel). Adjust as needed. Use the single loop splint for deformity of 1 toe. Use the double loop splint for deformity in 2 toes.
